*S.T.A.R. Storage Bullion Transfer & Validation*

**TRANSFERRING EXISTING BULLION TO SILVER BULLION**

It is possible to transfer your existing Bullion - pending certain restrictions - into S.T.A.R. Storage, whereby it will become a S.T.A.R. Parcel with all the **benefits and controls** of S.T.A.R. Storage. This includes:

- Bullion "parcelization" with photo and full liability protection under S.T.A.R. Storage.
- DUX tested and TPL marked to the Parcel so that results can be retrieved online.
- All S.T.A.R. Storage parties, Silver Bullion Pte Ltd and The Safe House Pte Ltd, have no exposure or operations in the US. This makes S.T.A.R. Storage an ideal storage location in case of a repeat US Bullion Nationalization event.
