PRESS RELEASE

For Immediate Release

More than S\$1 million of loans a month issued from the world's first bullion secured P2P lending program

SINGAPORE: Five months since the launch of its bullion secured P2P lending program in August 2015, Singapore-based bullion dealer Silver Bullion Pte Ltd has seen over S\$5 million worth of loans disbursed.

Mr Vergel Villasoto, a Director of Silver Bullion Pte Ltd says, "Silver Bullion Pte Ltd is the FIRST company in the world to offer bullion secured P2P loans. We also have the largest P2P lending platform for secured loans in South East Asia. The growing demand for our bullion secured P2P loans shows that borrowers and lenders have confidence in our loan platform. In a market where we have yet to see many secured P2P loan offerings, a loan with gold or silver bullion as collateral represents absolute safety for the lender."

Borrowers with gold or silver bars, which would otherwise be sitting idle in a safe, would now have the option to be able to borrow on a portion of the value of the bullion without the need for a credit check. These bars would be stored in Silver Bullion's vault, The Safe House, fully insured.

Lenders' funds are kept in a segregated Silver Bullion client bank account meant solely for P2P funds. Currently, loan requests can be made in either Singapore dollars or U.S dollars.

Silver Bullion's P2P loan platform allows borrowers and lenders to set their preferred interest rates for their loan requests. About 75% of the total loans disbursed were created by borrowers who obtained funding at the interest rates that they want. Loans with interest rates as high as 6 percent has been made for all 3 loan duration available – 6 months, 12 months and 24 months.

Silver Bullion Pte Ltd is a Singapore registered bullion dealer offering tax-exempted precious metals for investment and storage at its high-security 630-ton precious metals vault, The Safe House.
