

PAYMENT TO SILVER BULLION VIA US DOMESTIC WIRE TRANSFER

Silver Bullion Pte Ltd (“Silver Bullion”) is now working with Western Union Business Solutions (“WUBS”) to provide customers with US Dollar bank accounts in the United States an alternative method for paying their bullion and/or S.T.A.R.+ Storage orders. This payment option allows you to pay your order via bank-to-bank domestic transfer in the United States which provides a simple, reliable and less expensive way of initiating payments electronically. Under this new payment method, fund transfers to Silver Bullion from US bank accounts can now be made via the US domestic wire.

Advantages of using this payment method over international wire transfer

- International wire transfer is a tedious and time consuming process and has to be done during the bank’s business hours and sometimes even require your physical presence at the bank. A domestic interbank transfer can be easily made using your bank’s mobile/internet banking services.
- International wire transfers are costly due to high banking fees. The domestic interbank transfer will cost a small fraction of an international SWIFT transfer.
- A domestic transfer is easier for bank staff to process as international transfers are becoming more complex to execute.

How to initiate payment

Step 1: Request a USD domestic wire transfer from your US bank account to Western Union Business Solutions' US bank account

- Below are the details that you would need to provide to your bank when requesting a domestic wire transfer in the US.

Bank Name	The Bank of New York Mellon
SWIFT	IRVTUS3N
Bank Address	1 Wall Street, New York, NY 10286, USA
ABA Number	021000018
Account Number	8900690429
Beneficiary Name	Western Union Business Solutions (USA), LLC *
Beneficiary Address	100 Summit Avenue, Montvale, New Jersey 07645
* FFC (For Further Credit)	58098–SG, Silver Bullion Pte Ltd
Add Reference	Order ID(s)

IMPORTANT:

Do not forget to include **FFC: 58098–SG, Silver Bullion Pte Ltd** and your **Order ID** either on the “customer reference” or “transfer/payment details” of your transfer instruction, otherwise, the funds may not be promptly processed and it may take several days to be credited to our account.

- With these details, simply ask your bank to make a wire transfer to Western Union Business Solutions domestic bank account for further credit to Silver Bullion Pte Ltd.
- The setting up of the beneficiary account and the transfer can also be initiated via mobile/internet banking.

Step 2: Your bank will then initiate a wire transfer to Western Union Business Solutions' bank account

- If you requested your bank send the funds to Western Union Business Solutions, be sure that they include **FFC: 58098–SG, Silver Bullion Pte Ltd** and your **Order ID** either on the “customer reference” or “transfer/payment details” of your transfer instruction.

Step 3: Western Union Business Solutions does the rest!

- Using your Silver Bullion Order Number, Western Union Business Solutions will transfer your funds into your Silver Bullion account.
- Although more convenient and less expensive, the transfer may take 2 business days after your local bank initiates payment to Western Union Business Solutions. To avoid delays, we strongly suggest initiating the transfer within one (1) business day of your order date so that funds can arrive within the two (2) day payment timeline.
